Our extensive fleet of vehicles consists of custom-built and specially modified 7 window seat safari minibuses and custom-built four-wheel drive safari Land Cruiser and Land Rovers on all escorted programmes in Kenya and Tanzania.

Our vehicles have sliding windows; roof hatches and high ground clearance to optimise all round visibility for game viewing and photography. For maximum comfort and optimum enjoyment of the safari, it is our policy to ensure that all our clients be offered a window seat, which means a maximum of seven passengers per vehicle. For the convenience of all our clients, a cool box, a pair of binoculars and wildlife reference books are standard equipment in all vehicles. In addition, each vehicle is equipped with an HF radio set, giving countrywide communication with our radio room that is manned 24 hours a day.

Southern Cross Safaris adheres to a strict self-imposed policy, of high maintenance standards and a solid reliable service delivery for all transportation at all times.

### **OUR SAFARI DRIVER/GUIDES**

The success of any safari tour in Africa largely depends upon the calibre of your Safari driver/guide. In this respect the greatest care is taken in selecting responsible, qualified people who are capable of providing a cheerful, caring and attentive service to our clients. To this end, all our Safari driver guides at Southern Cross Safaris are qualified to KPSGA (Kenya Professional Safari Guides Association) Bronze level. This is a minimum requirement before we will consider hiring in this field. All of our guides have undertaken rigorous training and refresher courses and are experts in their chosen fields. Some of our guides are bi-lingual, and all have an in-depth knowledge of routes, conditions, local attractions and practical mechanics. In addition, their ability as game spotters is outstanding and they are highly proficient in the identification of the animals and birds of Kenya and Tanzania. We also have a number of silver guides, respected as being the best in the country. Clients can book these for a small extra cost per day, which ensures the standard of guide they are getting is unsurpassed in Kenya.

### **REGULAR DEPARTURE SAFARI TOURS**

Southern Cross Safaris offers a large number of regular departure tours which appeal to a wide range of nationalities and budgets. These safaris offer an ideal opportunity to experience the highlights of Kenya and Tanzania without incurring the expense of an exclusive private safari. Southern Cross Safaris has designed a selection of tours by road and air, featuring all of the major game parks and reserves throughout the region. These tours range from a one-night stay at a "tree lodge" to a comprehensive fifteen-day safari incorporating the very best of both Kenya and Tanzania. With a wide selection of tours operating throughout the week, it is easy to plan a safari according to preference and time available. Southern Cross Safaris operates "seat-in-bus" safari tours using safari minibuses with guaranteed window seats for all participants. Certain safari itineraries can involve transportation in vehicles operated by camps/lodges. The seat configurations in these can and will vary. Full details of our tours, including itineraries and prices are included in this Southern Cross Safaris Tariff.

### 3.

#### **SCHEDULED AIR SERVICES AND PRIVATE CHARTER.**

Regular departures by air are by far the more popular type of safari on offer. East Africa has a comprehensive and reliable network of internally scheduled flight services operating between all major towns, cities and National Parks and Reserves. These services are offered on a per seat basis and operated in either single, twin or quadruple engine aircraft. These range from the larger DH Dash 7 & DH6 Twin Otter, to the smaller single turbine engine C208 Cessna Grand Caravan.

For the ultimate of convenience, a wide range of aircraft are available for private charter. Your own personal aircraft offers accessibility to those airstrips not serviced by scheduled flights, with total flexibility as to timing and routing and the ultimate in relaxed travel. Many of the smaller camps, lodges and boutique hotels that we offer to our tailor-made clients are so 'off the beaten track' that it is only practically possible to fly in. For itineraries such as these, we only use the very best pilots and the very best aircraft.

#### **TAILOR-MADE TOURS**

A good Tailor made tour is all about knowledge of the product and this is where Southern Cross Safaris really excels. Kenya and Tanzania offer a wealth of Tailor-made safari opportunities. A Southern Cross Safaris tailor-made safari allows our visitors the chance to explore these opportunities to the full. The choice is yours, from the familiar National Parks and Reserves to the more obscure and undiscovered wilderness areas. From popular game lodges to exclusive and well off the beaten track game ranches, private charters to camelback safaris. Truly there is something for everyone!

The Southern Cross Safaris team have an extensive and first hand knowledge of the product, offering reliable, accurate and unbiased travel advice in tailor-making tours to meet individual requirements and budgets. Hard work goes in to ensure that all expectations are fulfilled and that each safari leaves a special memory and a lasting impression.

#### **CAR HIRE**

Officially all you need to drive in Kenya is a valid international driving license. Vehicles available for hire, range from 5-door Nissan Sunny's to the larger and more robust four wheel drive Land Rover Defender and the popular and versatile Suzuki Sierra 4x4. All are maintained to the highest of standards and offer the opportunity and freedom to move around the cities and towns, or even embark on an intrepid self planned safari.

#### **PRIVATE PROFESSIONAL SAFARI GUIDES**

Certainly an invaluable asset to any tour, private safari guides invariably turn a visit to East Africa into a visit of a lifetime! Their life spent in Africa has equipped them with immense knowledge of local conditions, customs and people. They are naturalists who really know and love the country and the wildlife. Above all, they are ardent conservationists, each with a particular discipline such as zoology, ornithology, entomology or anthropology. Their benefit to the client in terms of enjoyment and an intensified personal experience of their African journey far outweighs the additional monetary cost. If you would like a Private Professional Safari Guide these are available at extra cost at the time of booking your tour.

#### **INCENTIVE TOURS**

More and more incentive travel managers are discovering the appeal of an African safari. A word that evokes the mystery and excitement of Africa. Incentive travel planners have also come to recognise that in East Africa they have a well-developed infrastructure. Fine hotels and safari lodges, excellent catering, good international flight connections, friendly and experienced ground staff and a range of facilities to enable them to select the ingredients to meet a particular budget. Southern Cross Safaris fully appreciate the specialised and complex nature of incentive group travel. Prudent advice in the planning stages is vital and our dedicated team of professionals are able to present a programme best suited to your requirements. Our operations department, in tune with the meticulous and detailed demands of the corporate client, always ensure an impeccable service, fundamental to the success of any incentive award.

## 4.

### **SPECIAL INTEREST AND DISABLED TOURS**

East Africa lends itself admirably to the special interest market and offers unlimited opportunities for the specialist to practice their particular hobby or pursue their own field of study. Southern Cross Safaris has operated specialised tours for a wide range of interests, from agricultural, archaeological, medical and ornithological tours to sporting tours such as golfing, deep-sea fishing and rugby. Southern Cross Safaris is always willing to research any particular requirements with a view to presenting a balanced and detailed plan whatever the group may require. Southern Cross Safaris also prides itself on being one of the few tour companies offering safaris and holidays for people with disabilities. We will always go that extra mile to ensure we secure accommodation, transport and guides which can suit the needs of the special person during their safari.

### **ACCOMMODATION**

As you traverse the length and breadth of Kenya and Tanzania you'll find a wide and varied range of accommodation. No matter how off the beaten track you go, you will surely find elegance, ambiance and top quality service in East Africa. Ranging from opulent private homesteads, luxury tented camps and 5 star boutique beach villas and hotels to the larger game lodges and beach hotels.

Our staff regularly 'spot check' many of the regions, locations and establishments, not only to build their product knowledge, but also to ensure that standards are maintained all round. Should an establishment introduce a new product, or even change its management, we will always be the first to know.

### **HOTELS**

Kenya and Tanzania present an impressive range of excellent hotels to suit every taste. Ranging from elegant boutique style 5-star hotels that cater for the more discerning traveller or businessman to the more affordable, medium range family hotels. For travellers on a specific budget, we do offer an excellent choice. Meals throughout are of a universally high standard - these range from an eclectic smorgasbord of local fare, to buffet lunches, four course bush dinners under the stars and international cordon bluer delights. In most hotels the architecture is contemporary, air-conditioned rooms, colour television and excellent service. City Hotels are steeped in old colonial history, those at the coast lean towards Arabic architecture, incorporating attractively woven coconut palm fronds used to thatch roofs (Makuti) which makes for interesting accommodation on Kenya's Indian Ocean Coast. Southern Cross Safaris is the General Sales Agent for Kenya's premier beach hotel, Leopard Beach Resort and Spa.

### **GAME LODGES**

Game lodges are luxurious and are situated in exciting surroundings, in or close to National Parks and Reserves. They are built utilising natural local materials and are designed to blend harmoniously with their surroundings. Lodge accommodation can vary, some have all modern conveniences – glazed windows, air-conditioning, satellite TV and minibars in every room. Some lodges are very comfortable with simple Banda's surrounding a central dining room and bar area. Other lodges combine the best of everything and could be best described as 'authentic bush chic' rather than 5 star luxury.

All lodges have private en-suite facilities, most have swimming pools and some overlook floodlit waterholes for superb nocturnal game viewing.

### **LUXURY TENTED CAMPS**

For those who prefer the thrill of a safari and hanker to get close to Africa in true safari style, a few nights under canvas in a luxury tented camp is a must. Contrary to popular belief safari camps don't mean 'outward bound', but in fact offer luxurious standards of comfort and personal service. Spacious insect-proof tents are provided with twin beds, fresh linen, hot and cold running water and flush toilets. Meals are fresh cooked fare everyday, wines are imported and your hosts are professional guides. One will also find full dining and bar facilities under a central tent or attractive open buildings. Most safari camps are located within prime wilderness areas and offer an intimacy with the surrounding bush incomparable to any other form of accommodation.

### **GAME LOOKOUT LODGES**

More commonly known as 'tree-hotels', these architectural masterpieces usually stand high above the ground in secluded forest glades, overlooking wildlife waterholes. Quite different in style, they are all designed to offer a totally unique game viewing experience and an opportunity to watch as wildlife visits the floodlit waterhole, oblivious to the close proximity of fascinated visitors within the lodge.

## **5.**

### **PRIVATE HOMESTAYS AND GAME SANCTUARIES**

Private ranch homesteads have entirely different characteristics to any other form of safari accommodation. A source of great joy to the safari-seeking visitor, the whole ethos centres around being a guest on a working game ranch. Accommodation is always within a privately hosted home and very often the owners are your hosts and guides. These range from the upcountry game ranches and farms to elegant beach or lakeside villas. Participate in game monitoring and conservation practices, interact with the local communities, which make the ranch their home and see life in the wilderness from an entirely different perspective.

### **COMMUNITY ECO-LODGES**

Community Eco-tourism lodges are fast becoming the 'alternative' safari experience in East Africa. Many large areas of previously unattended wilderness alongside working ranches were once the scourge of poachers and are now havens for big game. These areas provide safe migratory corridors between major wildlife reserves and great migratory herds of elephant have recently once again become accustomed to use these corridors as a matter of course. Ranchers and conservationists have realised the potential of these areas and assisted their local communities in constructing small intimate lodges, totally in-tune with the environment in which they are located. These small lodges offer guests direct access to the local indigenous tribal cultures and the chance to understand and be involved with community conservation. Your local hosts provide all services for the camp attired in their colourful traditional dress. Their naturally friendly demeanour and knowledge of the bush are a highlight of any eco-lodge experience. During the day there are many activities to choose from, providing a special opportunity to witness daily rural living, including livestock keeping, traditional hunting skills, rites, rituals and dances.

## **AGENTS INFORMATION**

### **ENTRY AND HEALTH REGULATIONS**

Visitors must be in possession of a valid visa (if applicable to your nationality) together with relevant health documentation, upon arrival to both Kenya and Tanzania. Different regulations do apply according to nationality and country of origin. It is recommended that all prospective visitors check with their nearest tourist office or diplomatic mission before any travel details are made. Medical centres in your country of origin will provide the necessary professional medical advice on all relevant health requirements.

### **CUSTOMS, ENTRY AND EXIT REGULATIONS**

Generally, personal effects such as Cameras, laptop computers and film may be imported temporarily free of duty into Kenya and Tanzania. However, a customs bond may be required for professional video equipment, sound recording instruments, radio communication equipment, musical instruments and souvenirs from other countries. This is to ensure that goods can be re-exported. Firearms need a special permit, which must be obtained well in advance. Excess baggage is strictly monitored by all airlines and charges for excess weight can be very high. Expect customs officials to inspect baggage on arrival and departure.

### **CURRENCY.**

Currency control regulations prohibit the export of local currency. There is no restriction however, to the amount of foreign currency a visitor may import. Only authorised foreign exchange bureaus and banks are permitted to exchange foreign money. Kenya and Tanzania currencies are interchangeable

### **MEDICAL ADVICE**

Both Kenya and Tanzania enjoy a healthy, invigorating climate and visitors need feel no concern for their general health during the course of their stay. By far the biggest risk is Malaria, which is endemic in certain areas. Anti-Malarial medication should be taken according to the advice of your local medical practitioner. Visitors requiring special medication should pack sufficient supplies in their hand luggage. Chemists and pharmacies are generally well stocked, however the names of some generic medication, can differ. Consult your medical practitioner for advice on alternative medication to take, as some medication is not readily available. Tap water is generally safe within Nairobi, and mineral water is available in most camps, lodges and hotels, throughout Kenya and Tanzania. (In many, purified or filtered drinking water is provided free).

### **SECURITY**

Visitors to the region should take the same care as they would normally take, whilst visiting any destination worldwide. By keeping vigilant, visitors can reduce the risk of anything-untoward happening. We do advise our clients not to take expensive jewellery on holiday with them and to watch handbags, wallets and cameras when walking in crowded places. Walking at night in unlit areas is not advisable. We strongly recommend that all our visitors utilize safety deposit boxes when and where they are available, for own peace of mind.

### **SUPPLEMENTS.**

Supplemental charges will be applied to all safari tours operating between 16 December and 03<sup>rd</sup> January each year as well as over the Easter Weekend.

1.4 If a Booking shall be made or brokered through a travel or booking agent ("**Agent**") such Agent hereby agrees to be bound by these conditions and confirms that it makes any Booking as a fully authorised agent for and on behalf of each member of the party. To the extent that SCSL shall incur any loss or damage arising directly or indirectly from the Agent's signing the Booking on behalf of each member of a Tour, the Agent shall immediately indemnify SCSL against any such claims, costs, demands and expenses whatsoever, wheresoever and whensoever made.
